STATEMENT FROM OSABARIMA ADU DARKO III ON THE ELEVATION OF ASAMANKESE-ANUM STOOL

1. Osabarima Adu Darko III, Nana Asamankesehene would like to bring to the attention of all Asamankese citizens home and abroad and indeed to the general public that the overlord of the Akyem Abuakwa Traditional Area, Osagyefo Amoatia Ofori Panin is the sole authority for the elevation of chiefs in Akyem Abuakwa.
2. We have taken note of the decision of His Majesty regarding the elevation of the Asamankese-Anum Stool, and the subsequent tension and disquiet it has generated in Asamankese Township and villages.
3. This elevation does not affect the stool lands boundaries of Asamankese as established by traditions, customs and law in anyway, neither does the elevation convey nor cede any portion of Asamankese Stool lands to anybody as being speculated in certain quarters in Asamankese. Asamankese remains one unitary town within Akyem Abuakwa fully committed to the overall development agenda of Osagyefo His Majesty.
4. We ask Asamankese citizens to continue to play their vital role in the march of development we have embarked on; to remain calm, focused, and peacefully engage Nananom with any concerns and questions on all chieftaincy issues. Osabarima and Nananom are taking the necessary steps to handle the matter in the most appropriate and peaceful manner possible
5. We remind our citizens once again that this year's Oboodwan festival will not be held in view of the 25th anniversary celebrations of His Royal Majesty, Osagyefo Amoatia Ofori Panin.
6. Long Live Asamankese, Long Live Okyeman, 'Okyeman Te Ase'
